## PATH OF HESS' FLIGHT

Route followed by Hess when he fled by plane from Augsburg, Germany, to land 800 miles away near Glasgow.

## World's Week

BY HAROLD L. WEIR  
Associate editor of The Edmonton Bulletin and author of the daily column "From the News"

The sensational news of the past number of days, was the spectacular discovery of Herr Rudolf Hess, the third Mogul of the Nazi oligarchy, clinging to the ropes of a deflated parachute on a Scottish moor.

The press of the world regarded this miraculous appearance as a phenomenon no less astounding than would be the budding of blood sausages on a rose tree.

At first the inclination was to hail the advent of Herr

Harold L. Weir Nazi plans to Churchill. Hess hoped to bring about peace. And so on.

But as the week wore on, nobody was quite so sure. Mr. Churchill kept postponing the statement he was going to make on the matter.

A smell similar to that produced by the earnest efforts of a dead mackerel began to pervade the whole business. And observers of the scene were reduced to relying on a logical statement of possibilities which went something like this:

Hess is either sane or insane.

It is insane, his condition bears witness of the hectic and chaotic unwholesomeness of Nazi activities.

It is sane, he either came to Britain of his own accord or was sent by Hitler.

If he came of his own volition, he either had some peace idea in mind or had fled from Hitler.

If he thought he could promote peace in such a way, his mentality and that of the Nazis must be outrageously perverted.

If he fled from Hitler, the Nazi organization must be breaking up.

If he was sent by Hitler, then the errand indicated a desperation that the Nazis have not yet admitted.

This seems to cover most of the possibilities. You can take your

## H. S. BASEBALL TEAM DEFEATS CARSTAIRS

Opening the baseball season by winning the game at Carstairs last Friday evening with a 6-4 score, the local high school club repeated their victory on the home diamond by defeating Carstairs 6-5 on Wednesday afternoon.

Main factor in the win was pitcher Jack Fleming, who struck out 14 men and walked 4 in the seven innings of play, and scored the winning run on a hit by Walker. Wishart was the Carstairs' standout with three hits in four trips to the plate, to score 3 runs.

Lineup:  
Carstairs—Himmilrich and Smith p., Sprague c., Weber 1b., Gough 2b., Carrico 3b., Wishart ss., M. Stearns cf., Smith cf., V. Stearns lf.

Crossfield—J. Fleming p., Hall c., Russell 1b., McMillan 2b., Hopper 3b., Stevens ss., Blair cf., Wickerson cf., G. Fleming lf., subs, Wyle, O'Neill, Walker.

Score by innings:  
Carstairs— 300 010 1 —5 9  
Crossfield— 201 200 1 —6 13

choice.

Before arriving at a final judgment we must wait for further developments, carefully bearing the fact in mind that the ways of the devil are quite as incomprehensible as the ways of God.

Vichy traitors were not the only leaders this week who gave signs of selling out their people.

Joseph Stalin gave formal permission to his army flyers to enlist in the Iraqi rebel army which, with Hitler's assistance, proposes to throw out the British.

It was stated by Moscow that this step was taken as a "reprisal" for British assistance to Finland during the Russian-Finnish war.

If Stalin is obsessed with a spirit of retaliation against Britain, it means he has decided to crawl into bed with Hitler.

This is not the will of the Russian people who regard the Germans as traditional enemies.

Another sellout.

The Chronicle invites its readers to listen to the Saturday Night Review broadcast by Harold L. Weir over radio station CERN (1260 kc) every Saturday night at 8:15.

## LOCALS

Mr. Spivey is making favorable progress toward recovery, but will be confined to hospital for another month.

The Olds sports day and celebration held annually for the past nineteen years on May 24th, has been cancelled this year.

George Nasadyk of the R.C.N. who is home on leave, advises that he is not awaiting transfer to the air force.

Mr. G. J. Dawson, of the Bank of Commerce staff, has been transferred to the branch at Champion, and is moving their household effects today.

Saturday, May 24th, is a Post office holiday and wickets will be open between 10 and 11 a.m. only. The mail is received and dispatched as usual.

Bert Metherall, who took a course in auto mechanics in Calgary during the winter, has been accepted in the Air Force and left for Brandon on May 10th to continue his training.

Mr. and Mrs. George Lind, who have been in charge of the A. A. Hall farm, have moved to the farm of Everett Bills, and F. Witke has taken over the Hall farm and milk business.

Seeding is practically completed in the district and grain is coming up nicely. High winds continue and weather keeps quite cool, last night registering several degrees of frost.

The village council have had the cement culvert in front of the Bank replaced by a new steel culvert, and used the cement one to replace the old wooden one at the corner by Wood's Garage.

It has come to the notice of the R.C.M.P. that stop signs are not being observed by all drivers approaching the highway and a warning is issued that if these signs are not complied with, it will be necessary to take action.

Mr. Roy Thompson, of the Institute for the Blind, accompanied by his dog, Wanda, was a visitor in town today, when he called at the school and gave a talk on the work of the Institute, warning the students to be careful of their eyesight.

The Misses Marjorie Irwin and Queenie Williams, Mr. Art Irwin and Mr. Lewis Anderson, of Calgary, were Sunday visitors at the home of Mr. and Mrs. H. R. Ballam. Mrs. Pullan accompanied them back to Calgary, where she will visit for a few weeks.

## ORGANIZE JUVENILE BASEBALL CLUB

At a meeting held Tuesday night the following officers were elected to serve as executive of the juvenile baseball team, which is made up of players 16 years and under. Hon. President, R. T. Amery; president, Everett Bills; vice-president, D. J. Hall; secretary-treasurer, M. N. Jones.

After much discussion, an agreement was reached to allow the high school team the use of the juvenile equipment when required.

## FUNERAL SERVICES FOR R. J. CROCKER

Funeral services for R. J. Crocker were conducted by Rev. Dr. W. Hollingsworth at a Jacques funeral home, in Calgary, last Friday afternoon.

S. Willis, W. H. McCool, Hugh McIntyre and Harry May, of Crossfield, J. Pinkerton of Carstairs and A. W. Dingle of Calgary were pallbearers. Burial was in the Field of Honor, Burnside cemetery.

Mr. and Mrs. T. M. Mair, Mr. and Mrs. F. Purvis, Miss Helen Willis, Mrs. Les. Spivey, Ivor Lewis and Ed. Meyers were among those from Crossfield who attended the service.

## MOTHER AND DAUGHTER BANQUET

The C.G.T. groups held their Mother and Daughter banquet in the United Church parlor on Wednesday evening, when about fifty sat down to a splendid supper at tables decorated with bouquets of roses, novel place cards and favors.

Miss F. Gough, leader of the senior group, was toastmistress and proposed the toast to the King, which was responded to by singing "God Save the King". Cora Hall proposed the toast to the Mothers, at the conclusion of which each girl pinned a rose on her mother, Mrs. Mair making the reply; to the C.G.T. by Mrs. R. M. McCool of Calgary, responded to by Helen Hurt; to the Church by Jean Carmichael, responded to by Mrs. M. N. Jones. Interspersed among the toasts were musical numbers—a trio, Nora Fleming, Claire Metherall and Cora Hall; a duet, Betty Huston and Helen Hurt, and a chorus by six girls.

Miss Eva Jagoe, of Calgary, was the guest speaker and gave an inspiring talk on the C.G.T. and the world as it will be after the war.

A sing-song was led by Nora Fleming and the evening concluded with the singing of "Taps".

## LOCALS

Rev. and Mrs. H. V. Ellison left on Wednesday for the opening of the Alberta conference of the United Church meeting in Central United Church, Calgary.

The dance recently sponsored by the Madden Ladies' Club to raise funds for the aid of victims in the bombed areas of Britain, was a huge success. The net proceeds amounted to the gratifying sum of \$70.

The draw for the pillow cases, on display in the window of T. Tredaway's office, will take place at the tea and sale of home cooking to be held by the Anglican Girls' Auxiliary on Saturday afternoon, May 31.

Alberta's quota of the 32,000 men needed for the Canadian Army in the next two months, is 2,600. In an effort to secure the required recruits, a combined mobile army unit and recruiting party will visit 60 Alberta towns during the next few weeks, visiting Crossfield on June 2.

National slogans and some of the inspiring phrases from her husband's speeches are printed all over a scarf belonging to Mrs. Winston Churchill, wife of the prime minister. She wore the scarf recently when touring over a mobile club van to the American Territorial Service girls.

Canada is in this war and here's one way a part of your contribution to the Victory Loan will be spent. Canada is producing 200 of the special all wheel drive trucks a day. At the present rate of production, an army division can be equipped in 15 days and an army corps in 60 days. Increasing facilities will reduce these times to 10 days and 40 days. You can easily understand why Canada needs our dollars.

## Abandons Leader

If Rudolf Hess' mind was cracking, as suggested, it was not apparent in this photo as he and Hitler met at a recent Nazi meeting in Nuremberg. Even then, it is believed, Hess realized that discretion might be the better part of valor—that his own day was done—and that it was a good time to get away—while he could.

Thursday, May 22, 1941.

Canada's 1941 Victory Loan will be opened on June 2 and will continue for three weeks, giving every Canadian citizen an opportunity to further the war effort and to shoulder their share of the burden.

Preparations for this, one of the largest undertakings in connection with the gigantic struggle in which our country, together with the Motherland, is engaged, are on a comprehensive scale. Provincial committees have been set up and under these are district and local subcommittees.

It is not possible today to go into the world money markets for money—we must finance our own war and this loan must be fully subscribed by Canadians.

We must all realize that this war is not only a war to save Great Britain, it is a war to save our homes in Canada for it is recognized throughout the world that, should Hitler win, America will be his next objective and war would then be right at our door. Hitler will not win, but the war must be brought to the earliest possible successful conclusion.

This is a mechanized war. We have the copper, zinc, lead, nickel and other metals needed for war industries. We have access to iron and can make steel. We have organized industries to fabricate these metals and make the trucks, tanks, guns, planes and ships necessary for our armed forces. We have the skilled workers and the plants for mass production. But money is urgently needed to turn these raw materials into fighting tools, to outfit our armed forces and to train them to handle the tools.

We understand the denominations of the Victory Loan will be as low as \$50.00. Every Canadian will welcome this opportunity to help win the war.

Hon. W. W. Cross announced this week that negotiations are proceeding with the federal government in connection with the salvage of scrap iron at the abandoned Brule coal mine 201 miles west of Edmonton. If the 300 tons of scrap there can be delivered after collection at an economical price, the province will see that it is collected. At the present time some relief families have gone out to work at the collecting.

"When God made women," said the cheerful philosopher, "he made them beautiful and dumb. Beautiful, so the men will love them; and dumb so they will love the men."

## The World of Wheat

By H. G. L. Strange

For good health the foods consumed daily by human beings must contain a minimum amount of a precious element, vitamin B-1.

Certain animal products, such as liver, heart, kidneys, and particularly pork in its various forms, have a high content of vitamin B-1, and it is through the medium of these foods that people normally obtain this vitamin which their health requires.

The war, however, has greatly reduced the quality of these meat products available to European people, but it has been found that vitamin B-1 can be added artificially to flour and bread. This now by law must be done with all flour and bread consumed in Great

You Roll Them Better With  
**OGDEN'S FINE CUT**  
CIGARETTE TOBACCO

Britain.

A Canadian Dominion committee under the supervision of Dr. L. H. Newman, Dominion Cereal-ist, has found a method of making a palatable white loaf, that contains quite a large amount of vitamin B-1, out of the new rust-resistant wheat varieties, which apparently have a higher content of vitamin B-1 than ordinary wheats. Another method proposed is to use the whole wheat kernel after having removed merely the epidermis or outer skin. It is claimed that this skinned kernel makes a palatable loaf high in vitamin B-1.

Out of these different methods and experiments it is hoped that bread will soon become more nutritious and so, it is further hoped, will be consumed in greater quantities.

A link with Prime Minister Winston Churchill was broken in Edmonton Thursday last with the death of Miss Caroline Miriam Vincent at the age of 95. Miss Vincent was for 15 years a member of the household staff in the home of Randolph Churchill. She watched the present British leader grow from infancy to early manhood, and always declared "he was spoiled". Born in Great Yarmouth, England, Miss Vincent came to Canada in 1910.

This is Canada's call to **YOU!** Men are now wanted to man the guns, tanks, armoured units; all the implements of modern warfare which the factories are producing in mounting volume.

It is a different war this time. When we licked the Hun before, men were recruited here to train in England, to fight in France. Now you

are recruited and trained here; then go Overseas to join the stalwarts holding battle positions on the shores of Old England, or wherever the call demands.

The Canadian Active Army requires men for Artillery, Engineers, Signals, Armoured Cars, Tanks, Infantry, Transport and Supply, Medical, Ordnance and other branches of the Service. The Army is prepared to teach many trades, and to train you to efficiently handle Canada's weapons of war.

Go to your nearest District Recruiting Office.

Find out about these Units; how they work; what they do. See just where you'll fit in. See where any particular skill you possess can best be utilized. Then join up for **ACTION**.

### RATES OF PAY IN THE RANKS

\$1.50 per Day, with Board, Lodging, Clothing, Medical and Dental care provided. **EXTRA:** (1) Rates varying from 75c to 75¢ per day for skilled tradesmen while employed. (2) Dependent Allowances in Cash.

Apply to nearest **DISTRICT RECRUITING OFFICE** or any Local Armory

# "BLOOD...TOIL... TEARS and SWEAT"

This is a war for existence. It is war to the death. It is a war to win or to lose.

There can be no half way—no compromise. It is a war to WIN.

Money is the fourth arm of the service.

Whatever you are called on to pay or to lend, it is little compared to the lives that our sons offer.

There have been many and heavy calls upon Canada already.

There will be more.

Let us face the truth and the truth will make us free.

It is freedom we are fighting for, British freedom, the freedom of body and spirit that makes life worth living.

If we fail, we fall.

Be prepared for sacrifice.

Great Britain has set us an example on a scale of heroic magnificence history doesn't record.

Let us FIGHT!

Canada has the resources. Let us spare nothing. When our soldiers offer their lives, let us be willing to share our livelihood.

Presently the Government of Canada will call for money.

The money is here.

We are spending billions. We are already heavily taxed. But most of these billions and those taxes are being spent in Canada. That money comes back to you. Keep it rolling. Keep putting it back into the war effort, so that it may be spent again and again and again until Right prevails and the world is free.

### MAKE BIG DRIVE FOR TOURIST TRADE

With drives for tourist business under way on a wide front, Alberta should receive a large share of that trade this year, according to officials of the Alberta Motor Association.

Thousands of attractive tourist booklets have been distributed in the United States by the provincial publicity bureau. In addition, there has been extensive advertising of Canada's attractions to tourists in various U.S. publications, and Alberta is certain to obtain a large

share of the benefits.

This year it is hoped to increase Alberta's tourist trade turnover to about \$10,000,000, more than doubling the 1940 figures.

Taking merely one-half that sum, as the amount that would be paid out directly for primary products, it will be seen how important this business is to the farms of this province. Those who produce eggs, butter, cheese, ice cream, poultry, meats and other items share immediately in the benefits of the tourist trade.

This is cash business. There is no waiting for returns. The tourist wants good quality products and he is willing to pay cash on the line.

First Farmer — Potato bugs ate my whole crop in 10 days.

Second Farmer — They ate mine in two days and then roosted in the trees to see if I'd plant some more.

Seed merchant — That's nothing; there's a couple over there now, looking through my books to see who has ordered seed for next spring.

## INDIA AIDS WAR EFFORT

"I placed my foot in the stirrup of resolution and my hand on the reins of confidence in God and marched," recorded Babar, founder of the Mogul Empire, in his sixteenth century memoirs. India is marching again today.

Freely giving of their services, Indian volunteers are a crowding India's recruiting depots. Centuries of military renown lie behind them. Including as they do members of valorous races such as Punjabi, Mohamedans, Maharrattas, they represent some of the most famous fighting stock in the world.

In the last war, India enrolled nearly a million and a half recruits and sent more than a million men overseas. Today the peacetime army of 160,000 is already nearing the half million mark, and the stream of volunteers is being accepted for service as fast as training units can equip it with weapons and the technical knowledge required for mechanized war.

Indians serving overseas in 1940

to 1941 are adding afresh to their nation's military renown. They joined in delivering the first hammer blows at Sidi Barrani which led to the smashing of Graziani's Libyan army. Farther south they held the Italians on the borders of the Sudan through the scorching months of last summer. From there they led the advance which swept into the lowlands of Eritrea. Climbing towards its plateau they distinguished themselves on the heights of Keren.

Elsewhere they are ready to give service. The latest news tells of Indian reinforcements for Singapore and Tobruk, and of Indian detachments landing in Iraq.

## COMING EVENTS

The Anglican Girls' Auxiliary will hold a tea and sale of home cooking in the hotel dining room, from 3 to 5:45 p.m., on Saturday, May 31.

The Overseas Smoking Club will hold a dance in East Community hall on Friday, May 23rd.

Teacher: "Robert, what are you going to be when you grow up?"

Robert: "I'm going to be a grand father and just sit around telling everybody how cold the winters were when I was a boy."

## Alberta Briefs

Talks with Finance Minister Halsey are still proceeding with regard to the application by the province for a bank charter. Ministers Solon E. Low and E. C. Manning, later joined by Hon. Lucien Maynard, were spokesmen for the province.

Announcement of Social Credit League officials last Thursday that a candidate would enter the East Edmonton by-election brought three parties into the field. Liberal and "peoples' movement" candidates were already nominated. C.C.F. will not enter. Polling will take place June 2.

Egg production in Alberta showed an increase during 1940, it is reported by the Dominion bureau of statistics. In 1940 the total production amounted to 26,117,000 dozen, compared with 24,292,000 dozen in 1939. Canada's total output also, the figures being 236,106,000 dozen, compared with the previous 221,787,000 dozen.

Alberta's best paying business, compared with the first two months of 1940, was fur production. Better prices and greater marketings jumped the total 240 per cent. to \$1,191,812. This led all other commercial and industrial gains in Alberta. Wheat and coarse grains continue to show decrease, but butter, cheese, hogs, cattle, sheep and lambs, flour milling, and concentrated milk all show gains. Horse sales were down 41 per cent. with \$66,540 realized on 1,110 head. This was 778 fewer head sold than in the 1940 period.

## THE EIGHTH DECENNIAL

# Census of Canada June 2, 1941

THE Census is the stock-taking of the nation — of its men, women, and children; its agriculture, trade, and industry; its housing, and general social condition. By it, all Governments, — Dominion, Provincial and Municipal — are enabled to work more effectively and economically in the interest of every resident of the Dominion.

IN these days of increasing Government responsibilities, no Government can give the best service unless it has detailed and accurate knowledge of the people and their varying circumstances. That is why we request the co-operation of all

Canadian citizens in the taking of the Census. When the Government's Enumerator calls at your door, receive him courteously and give him all the information for which he asks. Remember that he is in your service. Accuracy and despatch in your replies will promote good administration in your country, now under stress of war and facing crucial post-war reconstruction.

Issued by authority of The Honourable JAMES A. MacKINNON, M.P., Minister.

DOMINION BUREAU OF STATISTICS - DEPT. OF TRADE AND COMMERCE

ALL INFORMATION SUPPLIED  
HELD STRICTLY CONFIDENTIAL

You can place absolute trust in the official Enumerator, who is sworn to secrecy. All the information which you provide will be held in strictest confidence both by him and the Dominion Bureau of Statistics, and can never be used against you by any tax-collecting, military, or other agency, or in any court of law.

It is compulsory by law to answer the questions, but you will be assisting your Government in these difficult times by giving the information readily and accurately in the spirit of good citizenship.
